

UCAT WEBINAR 2026

Hosted by Haroon and Muhammad

About Haroon (medicine/dental applicant tutor)

- Scored 90/100 in medicine interview, recommended without hesitation (only person known for this), 100% success rate in his own interviews
- Helped thousands of people achieve their medicine/dentistry offers through Tiktok (Reapplicantmedh1), talking about how to smash the UCAT, write a good personal statement and perform well in interviews
- Interview tutor, helped almost 100 people pass their interviews with a 98% success rate (1 student didn't perform)

Interview Attendance & Scores					
Title	Time of Interview	Attended?	Panelist 1	Panelist 2	Total Interview Score
QM2502149014, A100 Interviews 14/02/2025 PM_Group F	16:25	Attended			89.5
Scores and Notes from Panelist 1					
Q1	Q2	Q3	Q4	Q5	Overall
9	8.5	8.5	9.5	n/a	9
very good answers with depth	good answers	good knowledge of East London and QMUL	friendly, good communication, relax, calm	n/a	n/a
Scores and Notes from Panelist 2					
Q1	Q2	Q3	Q4	Q5	Overall
9	9	8	10	n/a	9
Good knowledge of the article.	Good understanding of roles and open about not being so successful with the UCAT exam.	Good understanding of implications of working in East London, including different conditions.	Amongst this session, this candidate had the best communication skills. Really friendly and approachable.	n/a	Recommend without hesitation.

Overview of medical/dental application

- Work exp (you are here)
- UCAT (you are here)
- Personal statement
- Submit choices for unis
- Interviews
- Offers

Medicine Application Timeline 2026 (2027 Entry) - TheUKCATPeople

Month	What to Do
Summer 2025 - Summer 2026	• Begin researching medical schools and their entry requirements • Attend open days (optional) • Start completing Work Experience & Volunteering
May - June 2026	• Register for and start preparing for the UCAT exam
July - September 2026	• Take the UCAT exam • Write your medicine Personal Statement
September 2026	• Finalise your 4 Medical School University Choices
October 2026	• Submit your UCAS application (15th October = deadline)
November 2026 - March 2027	• Attend Medical school Interviews
March-April 2027	• Receive offers from medical schools and make your final decision.

About Muhammad (UCAT Tutor) and UCAT

- Gap Year
- Achieved 3030~ 2280 and 2300 (94/95th Percentile)
- Achieved 3A*s
- Achieved offers from UCL Barts UoB Aston
- What is the UCAT?
- Why is it important?
- Is a high score achievable?

Medicine (6 years) (A100)
UCL (University College London) (U80)

Location: Main Site

Start date: 21 September 2026

Point of entry: 1st year

Deferred entry: No

Live at home while studying: No

Criminal convictions declaration: Undeclared

 OFFER

The university or college has offered you a place subject to conditions.

 Explain Answer  Calculator

As a child, Manolo Doñate often saw strange men with dogs in the mountains near his house in Sarrión, a town in the Teruel province of Aragón in Spain. They were hunting the abundant wild truffles. In the 1980s, while visiting a plantation in France, he decided to become the first in Teruel to cultivate truffle-producing oak trees.

"People thought he was crazy," says Simona, his daughter. Little was known about how to farm the fungus; it takes around 10 years for the trees to produce. But it worked. Today Teruel is the world's biggest producer of *Tuber melanosporum*, the prince of black truffles. Last year the region exported more than 26,000 kg of them.

Production from France's Périgord region, previously the biggest producer, has plummeted over the past century, as farmers switched to easier crops. Truffle farmers must introduce the fungus to young trees and replant each tree in a field; when the truffles produce, finding them requires trained animals. But Teruel's meagre soil is unfit for most crops, so locals have bet everything on the black diamonds. Production has enriched farmers: black truffles fetch up to €700 per kilogram. And it has halted depopulation: Sarrión's population has held steady even as Aragón's has fallen.

"The next step is international recognition," says Daniel Brito, head of Teruel's truffle-farming association. Périgord truffles are still the gold standard. Mr Brito hopes to win a 'geographical indication', like those for champagne or Parma ham, before the next season starts. Another challenge is that Spaniards rarely eat truffles. They were banned during the Spanish Inquisition (1478 to 1834 AD) as a poison from hell. To Teruel, however, they are a gift from heaven.

 1 of 44

 Flag for Review  Colour Scheme ▼

According to the passage, Teruel is known for:

- ☐ A. the notable quality of its soil.
- ☐ B. the increasing consumption of truffles.
- ☐ C. its high production of black truffles.
- ☐ D. the premium price of its truffles.

Decision Making

- Decision Making (DM) tests your ability to evaluate information, interpret data, and apply logic to make sound decision
- Logical puzzles ~ use rules and patterns to solve problems
- Syllogisms ~ decide what conclusions logically follow from given statements
- Data interpretation ~ analyse tables, charts, or information sets
- Probability ~ calculate or compare likelihoods - GCSE Maths
- Venn diagrams ~ work out relationships between groups
- Yes/No (argument evaluation) ~ judge whether a conclusion follows logically from info
- Do NOT jump to conclusions
- 35 Qn in 37 Min

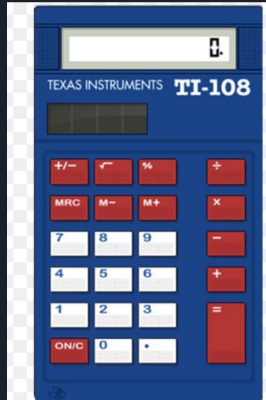

All the fish in an aquarium are either large or small. All the large fish are striped, but not all the striped fish are large. Some of the small fish have sharp teeth.

Place 'Yes' if the conclusion does follow. Place 'No' if the conclusion does not follow.

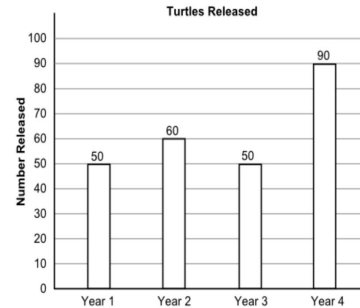

There are fewer large fish than striped fish.	☐	Yes No
Some striped fish have sharp teeth.	☐	
If a fish has sharp teeth, it must be small.	☐	
At least one small fish is striped.	☐	
Most of the fish have sharp teeth.	☐	

Quantitative reasoning

- My Shayla ~ got 880/900 and 900 / 900 top 0.1% both years.
- Tests your numerical and arithmetic skills.
- Requires some problem solving
- 36 Qns in 25 Min
- Work on calculator skills

The graph shows the number of sea turtles released back into the ocean by a rescue centre over 4 years, after successful rehabilitation. The percentage increase in the number of turtles released in the fifth year, Year 5, from Year 4 is the same as the percentage increase seen from Year 1 to Year 2.

How many more turtles were released in Years 3 and 4 combined, than in Years 1 and 2 combined?

- ☐ A. 30
- ☐ B. 40
- ☐ C. 50
- ☐ D. 110
- ☐ E. 140

My Tips

1. Give sufficient time for UCAT prep - about 6-12 weeks MINIMUM
2. Treat it with high importance
3. Learn balance - Plan ahead
4. Book strategically
5. Work on your weakest sections
6. DON'T STRESS or compare with others

Comparison is the
thief of joy.

Theodore Roosevelt

Situational Judgement (SJT)

- 26 minutes to answer 69 questions
- Test your understanding of GMC guidelines, professionalism, ethics etc
- Avoid guessing, make sure you have a clear understanding
- Practice consistently, use OQB and go over any mistakes made, and make sure you understand where you went wrong and why
- SJT USES PARTIAL MARKING - SO SMALL DIFFERENCES CAN COST YOUR BAND

Serena is a dental student who is shadowing a senior dentist, Mr Wardett. Mr Wardett is replacing a filling for a patient using a brand-new tool. The tool is different to the one Serena conducted her training on at university. A few days later, another patient requires a filling replacement and Mr Wardett asks Serena to conduct the procedure while he supervises. She is not confident in her ability to use the new tool.

How **important** to take into account are the following considerations for Serena when deciding how to respond to the situation?

That Mr Wardett may not be aware of what tool she trained on at university

- ☐ A. Very important
- ☐ B. Important
- ☐ C. Of minor importance
- ☐ D. Not important at all

UCAT Tutoring (1-1/Group)

1:1 UCAT Tutoring

- £30 per hour
- Personalised support based on your strengths & weaknesses
- Focus on improving specific UCAT sections
- Direct feedback and guidance each session

Small Group Sessions (Max 4 students)

- £20 per session (per person)
- Structured sessions covering all UCAT sections (VR,DM,QR)
- Interactive learning + shared insights
- Smaller groups = more focused support

**THANK YOU FOR ATTENDING - HOPE
EVERYONE BENEFITTED !!**

**Any questions about anything feel free to
ask**
